Once you have made a selection, use our [Course Search](#) page to pick out the dates and times you prefer. When reviewing the given list, click on the course code in the left column to find out more about a class that interests you. If you need to take a course that is not on this list, please contact visiting@hpu.edu.

Our graduate courses start at level 6000. Course difficulty increases with higher codes. If you do not have a background in the field, please consider taking lower level courses. **Graduate students cannot enroll in undergraduate courses and vice versa- students cannot mix levels.**

IMPORTANT NOTE:

- Visiting students *cannot* take courses on a military base—instead, students may take courses at the Downtown and Hawaii Loa campuses.
- If you plan to receive government funding or your home university has specific course requirements, it is your responsibility to make sure the courses you select at HPU will be approved.
- *Actual availability of courses may change. Since there are sometimes several schedule options for one course, you must make sure your course schedule fulfills any relevant requirements.*
- In order to get approval of these courses on the list from their respective Department Head/Program Chair, we would need your official transcripts (in English) and course descriptions (if any).

INTERNATIONAL STUDENT GUIDELINES

- International students *must* take courses that last for the entire semester. No part-term (8A or 8B) courses will be approved
